

REDEFINING Poolside Perfection

The Pool Perf® Advantage

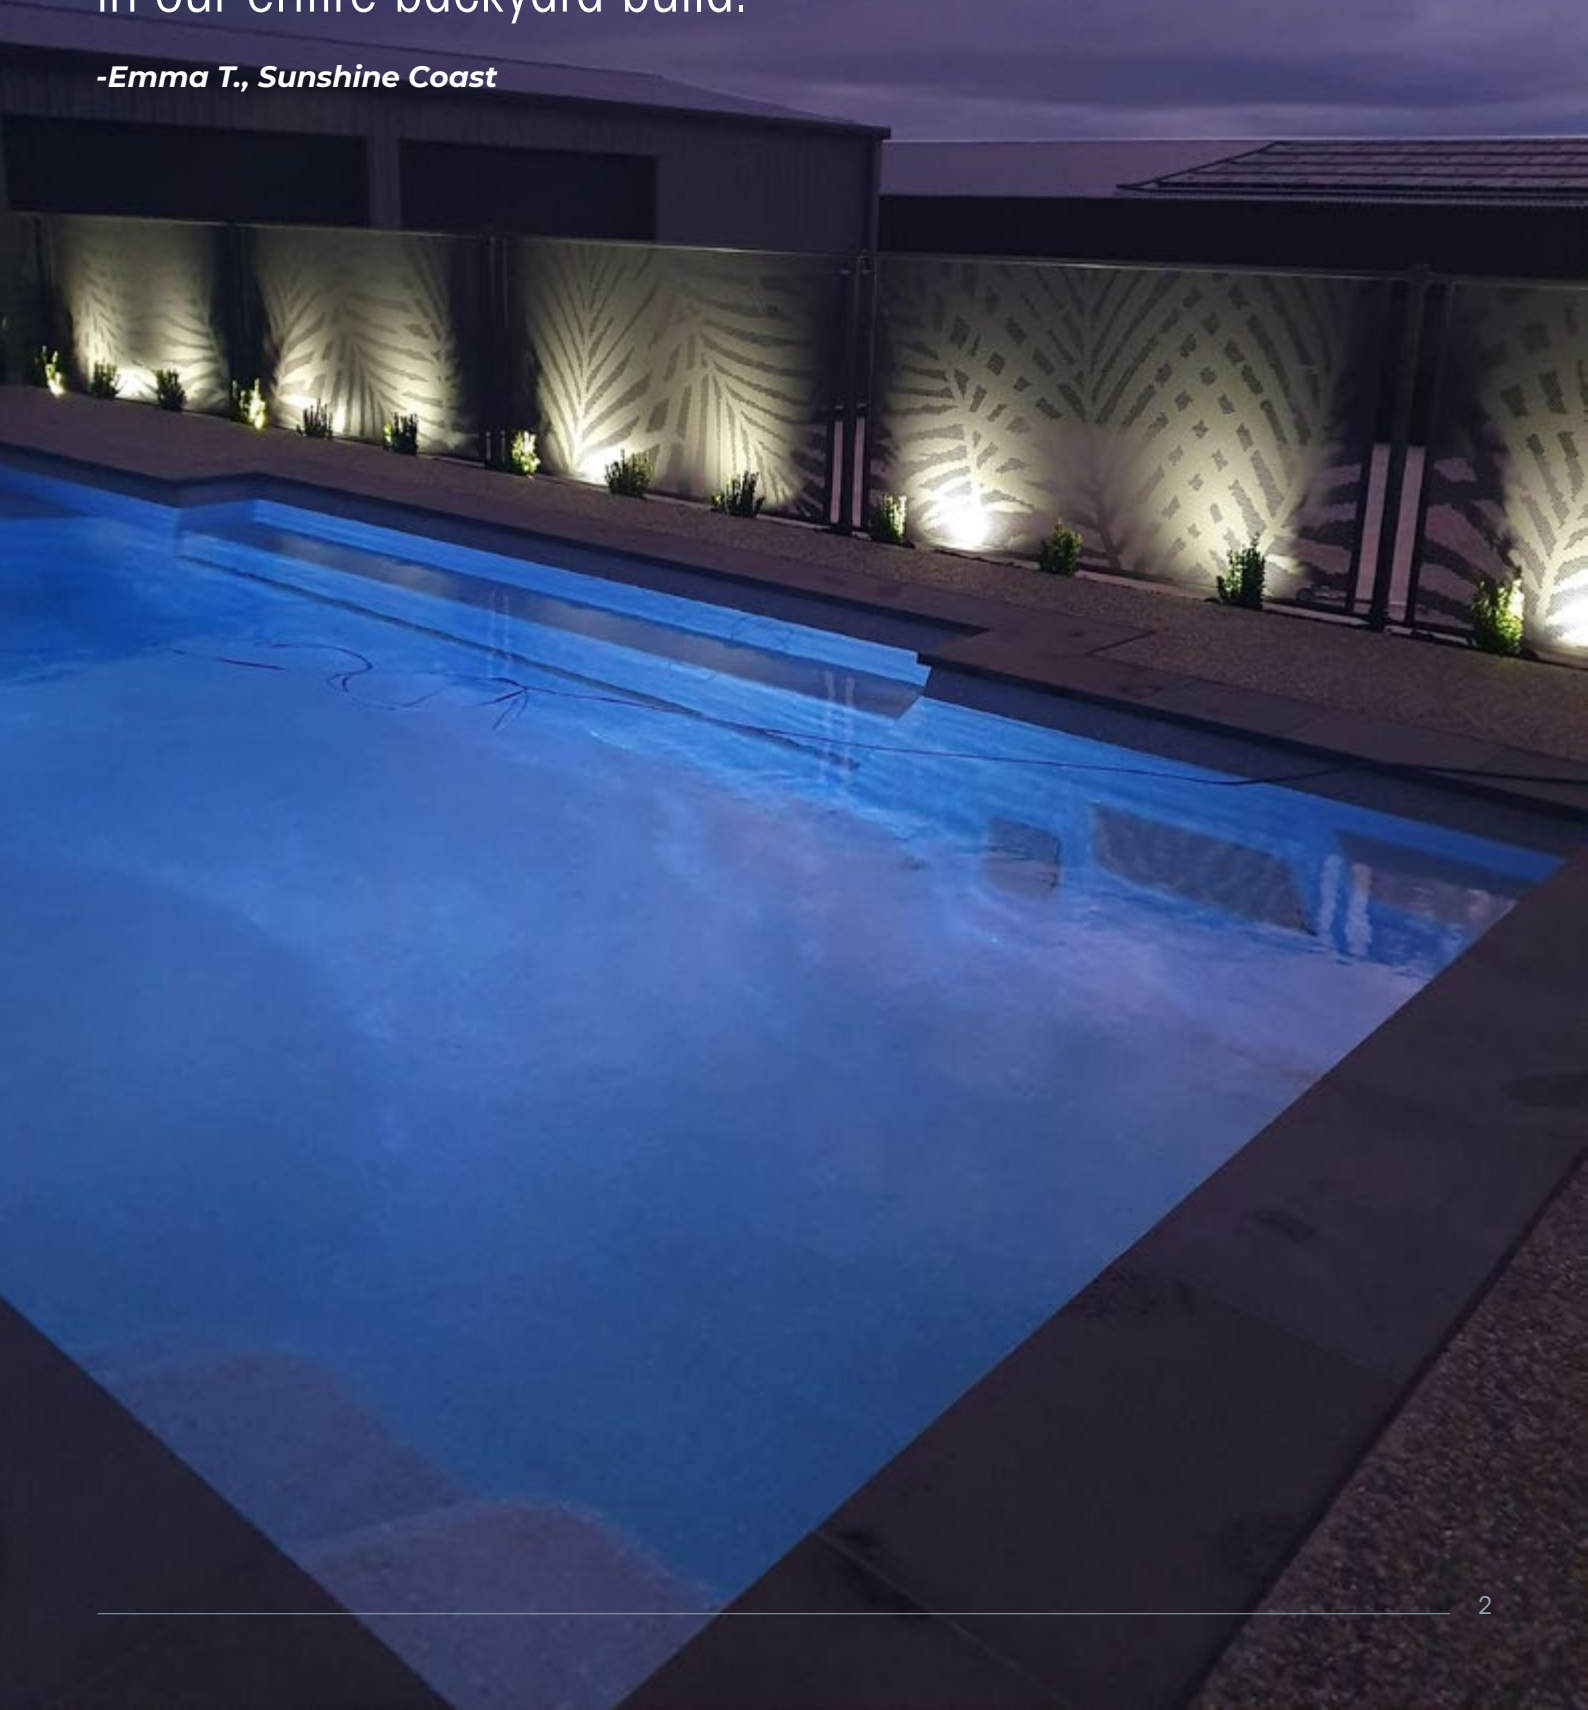

Pool Fencing for a Modern
Australian Lifestyle

PoolPerf®
by DECOVIEW®

“We wanted a fence that didn’t look like a fence. PoolPerf® gave us safety without losing our view, breeze, or style. Honestly it’s the best decision we made in our entire backyard build.

-Emma T., Sunshine Coast

“As the original creator of punched aluminium pool fencing, I had one goal: to turn a mandatory safety feature into a standout architectural element. PoolPerf® is here to help you create a safer, more stylish outdoor space with less maintenance.

- Jason Brown, Founder of PoolPerf® & Managing Director, Decoview Pty Ltd

GET THAT PoolPerf™ Feeling!

Welcome to PoolPerf®

In the early 2000s, backyard pools were booming across Australia. However we saw a problem. Glass pool fencing looked okay...until the fingerprints, salt spray, and streaks took over. Plus, glass can break.

We knew it could be done better.

After years of R&D, prototyping, and testing under the harsh Australian sun, PoolPerf® was born. A fence that breathes with your space.

**Stronger. Sleeker. Smarter.
And made to last.**

Since then, we've continued to innovate, leading the punched pool fencing market and setting the standard that others try to follow.

Today, PoolPerf leads the way in punched metal pool fencing. Offering a more beautiful, low-maintenance alternative to glass and other types of pool fencing. Fully engineered and designed for modern outdoor living.

Every product we make is backed by our Perf Safe® certification: our promise of strength, safety, and Australian-made reliability.

Why Pool Perf®?

Every Pool Perf® panel is proudly made in Australia using marine grade aluminium, architecturally powder coated and manufactured meeting our strict Perf Safe® compliance standard. Built to look classy and stay strong in even the toughest conditions.

From coastal homes to out bush, PoolPerf is made for the way Australians live. It stands up to salt spray, scorching summers and unpredictable weather, while keeping its good looks year after year.

And we've made it easy. Custom designs. Fast delivery. Flexible install options including Channel Fit or Bracket Fit, with core-drilled, wall-mounted or base-plate posts.

Tested. Certified. Trusted.

**POOL PERF®
PARTNERS**

Quality Materials

2.5mm marine-grade aluminium with a 10 year warranty

Patented Strength

Our innovative clip fit extrusion system is incredibly strong and durable

100% Aussie Made

Manufactured, coated and shipped from Aus - built for our harsh climate

Built to perform

When you choose Pool Perf®, you're investing in standout style and materials that are made to go the distance.

Feature	Pool Perf®	Glass Fencing	Copycats
Looks: how well it integrates with your outdoor space	✓ Sleek, customisable designs	! Stylish, but streaks quickly	✗ Basic or poorly finished
Maintenance: effort to keep it looking good	✓ Low effort, easy clean	✗ High upkeep and streak-prone	✗ Can flake, rust or fade
Durability: stands up to Aussie weather over time	✓ Australian materials + powder coat	! Strong but can crack/shatter	✗ Weak materials, short lifespan
Airflow: allows breeze to flow through	✓ Great airflow for comfort	! Blocks airflow	! Design-dependent
Strength: Structural integrity and resistance to impact	✓ Built tough with marine-grade aluminium	✓ Strong	! Unpredictable and untested
Installation: easy to install	✓ Multiple fit options, quick to install	! Heavy and specialist-only	✗ Can be fiddly and non-compliant
Compliance: meets Australian safety standards	✓ Fully compliant and certified	✓ Compliant if professional install	✗ Often fails to meet standards
Less Posts: Longer Panels	✓ Up to 3m	! maximum 2m and very heavy	! 2.147m maximum bracket fit
Fully Assembled: Made to measure	✓ No assembly required.	! Assembled approx. 35kgs per/m	! Comes in a kit & req's assembly

Marine grade aluminium

Sometimes less is more. PURE PERF® is all about that clean, minimal look. Just straight forward simple perforated panels that works beautifully with modern architecture.

Perfect for:

- ✓ Coastal and contemporary homes
- ✓ Builders or designers chasing clean lines
- ✓ Anyone who wants easy, elegant compliance
- ✓ Renovation projects

Highlights:

- Seamless finish via Channel Fit
- Fast install with Bracket Fit
- Fully assembled panels — no DIY headaches
- Matches perfectly with cladding or render

PURE PERF® gives you everything you need, right out of the box. No messing with extra hardware or fiddly fit-outs.

Decorative Designs

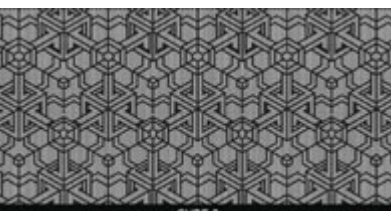

Want to turn a pool panel into a feature wall? Done. We offer a growing collection of nature-inspired, artistic, and geometric patterns. Or bring us your own idea!

- ✓ Work with our in-house design team
- ✓ Create a signature design for your home
- ✓ Choose a pattern that tells a story or simply looks amazing

Visit our website to view the latest collection and download our design catalogue.

“Lisa and the team at Decoview were wonderful to deal with. Very professional and responsive. The panel design they came up with was excellent and we are very pleased with the quality of the product...”

Versatile Architectural Landscaping

Pool Perf® works well beyond just fencing.

- ✓ Pool & Spa Fencing
- ✓ Pool pump and air con system covers
- ✓ Garden Partitions
- ✓ Feature Panels
- ✓ Windbreaks
- ✓ Pergola & Patio Shade Panels
- ✓ Jetty & Marina Screening
- ✓ Rural Property Dividers
- ✓ Decorative Gates

It's not just pool fencing, it's outdoor architecture.

“Really awesome product, process and service. So helpful and obliging with design and questions. Gorgeous product!

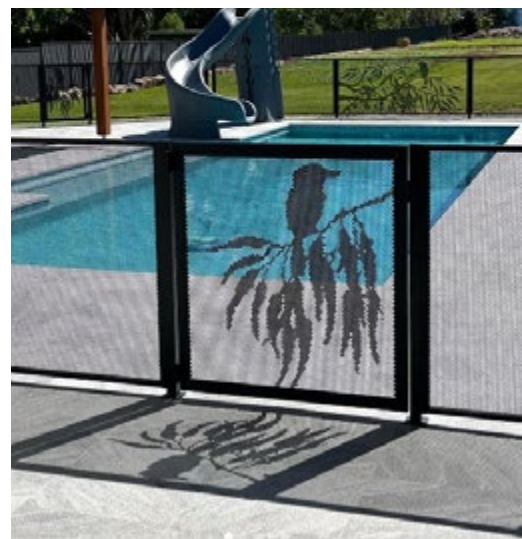

-Kate

**Built to Impress.
Engineered to Endure.**

Your gate doesn't have to be ordinary.

With Pool Perf® you can add character, class, or even a personal touch — from sleek patterns to fully customised images and designs. It's safety that makes a statement, with the only limit being your imagination.

“Perfect replacement pool fence. We needed to replace our pool gate after the existing glass gate fell from the pivot, smashing and injuring my child. We will never go back to a glass gate again.

-Kat H

DIY Installation

Get the look without the labour bill.

1. Tell us your panel sizes. We'll help you measure
2. We prep and assemble it all in-house
3. You receive everything, ready to install

It's pool fencing, made easy.

My new pool fence looks AMAZING! I couldn't be happier with it. All my friends and family love the look of it, and DIY was easy too. I highly recommend PoolPerf.

-Philip

Unpacking Your PoolPerf Order

Core Drill, Channel Fit Install

Frequently Asked Questions

Where can I buy Pool Perf®?

Pool Perf® is only available through Decoview® and our authorised dealers.

- Not sold at Bunnings, Stratco, Fence Guru, or other generic retailers
- Order via our online shop or through authorised distributors
- Buying from an official source ensures genuine products, compliance documentation, and warranty coverage

Can Pool Perf® panels be custom made?

Yes — all panels can be made to measure to fit your layout, including:

- Custom sizes to suit heights and lengths within pool safety standards
- Decorative or personalised laser-cut designs
- Matching gates and colour options

Is Pool Perf® council compliant?

Yes — when installed correctly to AS 1926.1. We provide all compliance documentation, including Form 15, to assist with approvals.

Can I install Pool Perf® myself?

Yes — Pool Perf® is DIY-friendly with pre-fabricated panels and installation guides.

- DIY: Step-by-step instructions supplied
- Trade option: We can connect you with installers
- Reminder: Must be installed to AS 1926.1 to pass council approval

Are all perforated pool fences the same?

No. Kit form perforated fencing requires on-site assembly, which can:

- Lead to incorrect assembly and non-compliance
- Damage panels and coatings
- Reduce strength and rigidity

What is Pool Perf® made from?

- Marine-grade aluminium sheet for corrosion resistance
- 2.5 mm thickness for panels and gate infills
- Pre-treated & powder coated to Australian Standards
- Smooth, safe edges meeting pool safety requirements
